*We Are Your One-Stop Shop For Wellness*

Wellness looks different for everyone — that's why we offer a variety of tools, services, products and experiences to support your journey towards better health. *We Did The Research So You Don't Have To*

We have the highest standards for everything we do — from our services and our design to our guest experience and our team. Our practitioners are New York Times bestselling authors, former presidential advisors, major league sports team doctors and more. *We Provide East-Meets-West, Whole-Person Care*

Our team of healers and practitioners deliver integrated, personalized, holistic healthcare that **really works**, by collaborating across eastern healing practices and western medicine to build you a wellness plan that addresses the mental, emotional and spiritual aspects of your well-being.

*We Believe In The Power Of Personalized Wellness*

We know that wellness isn't one-size-fits-all — it evolves over time, and everyone starts from somewhere different. No matter where you are on your journey, our practitioners are there for you every step of the way. Think of us as your wellness co-pilot, here to help you navigate your unique path with dedicated attention and considered care.

*We Are Here To Help You Make Wellness Part Of Your Every Day*

Wellness can be as simple as a healthy morning ritual or a new skincare routine, or as in-depth as a four-month gut health protocol. We're here to guide you through every aspect of living well, keeping in mind your lifestyle, wellness goals and preferences to find the tools and plan that will work best for you.

## Our Approach

Drawing from a five-pillar approach to wellness, our team integrates modern medicine and ancient healing practices to deliver whole-person care.

### *Food & Nutrition*

Food is medicine. It can harm or heal us, so learning what your body's unique needs are empowers you to better nourish and care for it every day.

### *Movement & Performance*

Mindful movement and functional fitness — tailored to your current needs, abilities, and goals — fuel both your mental stamina and physical strength.

### *Mind & Spirit*

There is a proven and powerful link between the mind and body — caring for your mental, spiritual and emotional health optimizes your overall well-being.

### *Body & Skin Care*

Massages and facials aren't just feel-good spa treatments — they are healing body treatments (just a few of many that we offer) that are critical to the health of your mind, body and spirit.

### *Lifestyle & Community*

Simple lifestyle practices and a supportive, inspiring community are keys to long-term health and happiness.

## Why Choose THE WELL?

These days wellness is ubiquitous, and not necessarily focused on individual needs or deeply informed clinical knowledge. THE WELL delivers a holistic, whole-person wellness experience through our integrative and comprehensive approach. We adhere vigilantly to these elemental components of THE WELL experience:

### *Team Of Experts*

From our Chief Medical Officer and our Director of Mindful Movement, to our licensed massage therapists, we have world-class experts in their fields of health and wellness.

### *Integrated Whole-Person Care*

We integrate modern medicine and ancient healing practices to address the physical, mental and spiritual aspects of your well-being.

### *Personalized Robust Offering*

Wellness looks different for everyone — that's why we offer a variety of services, products and experiences to personalize your journey towards better health.

### *Highest Quality*

We did our research, so you don't have to. We have the highest standards for everything we do — from our services and products to our design and guest experiences.

## What We Believe In

### *Evidence-Based*

We value evidence of proven effectiveness, whether it's a scientifically-backed solution or a healing method practiced for centuries.

### *Preventative*

We believe healthcare should focus not only on curing illness, but also on preventing it to help people feel good every day.

### *Personalized*

We know that wellness is not one-size-fits-all. It looks, feels and affects everyone differently — at every stage of the journey.

### *Whole-Person*

We are committed to whole-person care by addressing each element of well-being: physical, mental and spiritual.

### *Equity-Minded*

We are dedicated to remaining mindful that not everyone is starting from the same place and aware of the countless factors included in truly being and feeling well.

### *Community-Focused*

We are community-focused — understanding that the well-being of each of us as individuals is deeply impacted by the well-being of our planet and society. We can't do one without the other.

“We integrate modern medicine and ancient healing, focusing on whole-person care. Our services, products and experiences address the physical, mental and spiritual aspects of well-being to help you feel your best.”

— Kane Sarhan, CoFounder & CCO

## Life in Bay Harbor Islands

You know it when you feel it — a quiet shift, a casual sigh of contentment. Traffic eases, the sky expands, the water glimmers with every new ray of light. This is Florida at its most refined: welcome to the blissful Bay Harbor Islands—a tranquil retreat that's perfectly situated near the vibrant energy of Miami, Bal Harbour's discreet glamour, miles of pristine shoreline, the buzz of Surfside Beach and the quiet escapes of Indian Creek.

In town, the world feels slowed down, relaxed—an oasis hidden in plain sight. Moments from the beach and the legendary Bal Harbour Shops, home to Robert Indiana's Love sculpture and Romero Britto's "Heart," Bay Harbor is alive with iconic modern art and endless natural beauty—all along a pristinely landscaped, palm-lined promenade that includes galleries, boutiques and exceptional restaurants.

Bay Harbor's relaxed, sunlit glow and tree-lined paths make it feel like an island retreat, a long weekend filled with welcome surprises at every turn. Stay a little longer, and you'll discover a favorite café, park, garden, bike path or spot for gazing out at the water. There is a sense of instant familiarity, an invitation to linger a little longer, stay for sunset—a place defined by the simple but meaningful pauses that encourage your whole-person well-being. And, most remarkable about Bay Harbor: Take a stroll through town and you might happen upon live music, your go-to five-star restaurant, a new artist's installation, a boutique opening, an organic wine bar or an impromptu gathering of friends near the beach. No matter your routine or your calendar, life in Bay Harbor gives you the space to breathe and the natural balance to support your complete well-being.

## Dedicated boardroom promotes work/life balance

The private boardroom is soaring and bright, informed by collaborative thought, open discussion, seamless technology, human interaction—a subtle blend of ease and efficiency, organization and freedom to stretch the mind.

## Private, residents-only indoor and outdoor fitness classes

The fitness center is designed to make working out a healthy, balanced and positive experience, in an environment that's both nurturing and inspiring. Cardio machines face floor-to-ceiling glass, with dedicated areas for yoga and pilates, weight training and stretching, as well as breezy, light-filled studios for private and group classes — all designed to make wellness part of your every day.

On the rooftop, two rejuvenating pools promote holistic health: a spacious low-toxin lap pool helps reduce skin irritation and exposure to harmful chemicals, while lap swimming increases lung capacity, lowers blood pressure, reduces stress, supports mental health, improves sleep patterns and more. The circular heated pool, set just next to the lap pool, helps relax muscles and joints post-swim, improves blood circulation and supports lung capacity. Both are surrounded by ergonomic lounge chairs and private cabanas for complete poolside comfort — and complete privacy when you want it. In addition, we created a fully equipped outdoor kitchen and airy, open spaces for gathering, hosting or lounging

A still life composition featuring a potted plant, two stacked smooth grey stones, and a shadow cast on a wall. The scene is set in a corner where a light-colored wall meets a wooden floor. A small black pot holds a green plant with long, narrow leaves. To the right of the pot, two smooth, grey, rounded stones are stacked. The top stone is smaller and has a thin white horizontal line. The bottom stone is larger and has a thin white vertical line. A sharp shadow of the plant is cast onto the wall to the left. The text "Make wellness part of your every day." is overlaid in white, elegant script font on the right side of the image.

This method is generally used in sales materials and is provided to allow a prospective buyer to compare the Units with units in other condominium projects that utilize the same method. Measurements of rooms set forth on this floor plan are generally taken at the farthest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts or variations. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length and width. All dimensions are estimates which will vary with actual construction, and all floor plans, specifications and other development plans are subject to change and will not necessarily accurately reflect the final plans and specifications for the development. All images and designs depicted herein are artist’s conceptual renderings, which are based upon preliminary development plans, and are subject to change without notice in the manner provided in the offering documents. All such materials are not to scale and are shown solely for illustrative purposes. All plans, features and amenities depicted herein are based upon preliminary development plans, and are subject to change without notice in the manner provided in the offering documents. No guarantees or representations whatsoever are made that any plans, features, amenities or facilities will be provided or, if provided, will be of the same type, size, location or nature as depicted or described herein. Plans, features, and/or amenities may be provided at an additional cost. Renderings depict proposed views, which are not identical from each unit. No guaran-tees or representations whatsoever are made that existing or future views of the project and sur-rounding areas depicted by artist’s conceptual renderings or otherwise described herein, will be provided or, if provided, will be as depicted or described herein. Any view from a unit or from other portions of the property may in the future be limited or eliminated by future development or forces of nature and Developer in no manner guarantees the continuing existence of any view.
